Greetings PEOPLELEASE Clients,

As more events and uncertainty surrounding the coronavirus pandemic unfold, we are unwavering in our commitment to prioritize client needs while keeping our colleagues, clients, and communities safe.

As your trusted business partner, we believe dedication includes sharing relevant news and information with you. The PEOPLELEASE team members have compiled several resources that you may find helpful as you consider choices for your business.

The U.S. House of Representatives passed **H.R. 6201** , aka, **The Families First Coronavirus Response Act** on Saturday, March 14, 2020. The House then presented the resolution to the U.S. Senate at 3pm Eastern Standard Time, Monday, March 16, 2020. While it is important to note that this bill has not yet been enacted at this time and the final law may differ greatly from the original Act, you can [read the full text of the March 11, 2020 resolution here](#).

Additionally, we have made available to our clients two independent summaries of H.R. 6201. Please note that these summaries are purely informational and are not to be considered as business or legal advice, nor do they reflect the thoughts or opinions of PEOPLELEASE or any of our colleagues.

2. Fisher Philips Law Firm also published a summary, [which you can read here](#).

We encourage you to keep watching the [PEOPLELEASE website](#) for updates during this rapidly-changing situation and to stay in touch with us via our [company LinkedIn page](#).

As always, your PEOPLELEASE team is here to help. Please connect with us with questions as they arise and do not hesitate to let us know if there is anything we can do to support you or your business during this unprecedented time.

Thank you,
